

The FA FAN

Why you should get a FAN

FAN stands for Football Association Number. Having a FAN is just like having a PIN for football. It's your unique code, allowing you access to exclusive areas of TheFA.com, the home of English football.

For example, you will need a FAN to:

- Access general public tickets online for England matches at TheFA.com.
- Shop at the official England online store – and receive advance notice of special offers.
- Access our premium-level Video Vault for footage you won't see elsewhere – and to view historic archive material.
- Submit your questions on exclusive live webchats with key England and FA personnel.
- Participate in exclusive online competitions and polls – only for FAN holders
- To book on-line courses
